Hastings Library of Things Thing Self Renewal Guide

Selected things are set to allow limited self renewal, if this doesn't work, please contact the librarians (pop in or email back the self same email we sent you when we booked your thing out)*

1) Log into your account and head to "loans"

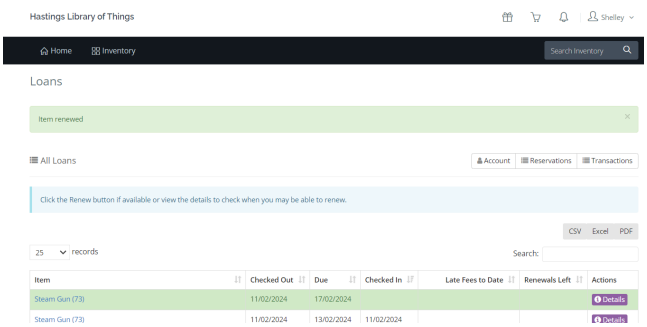

2) If the thing can be renewed you will see the option to allow that

3) Pick a return date (remember you need to select a date we are open, just like when you reserve the thing for the first time)

When you have successfully completed your renewal you will see the new due date:

***If you cannot renew a thing you must return it (someone else might be waiting for it)**
